The whole article: K.K. De, S. Majumdar, R. Sharma and B. Sharma. *Folia Horticulturae* 2006, 18/1: 81-90 is retracted on Author's request.

The Author states that photographs in the article were wrong and inserted by a mistake. They presented other *Dendrobium* species and thus were not adequate to the article content. Additionally, parts of descriptive text and some photographs were copied from their another published paper. So it is an evidence of textual copying and the whole article is confusing to readers. For these reasons the article is retracted in full.
